## GERMAN ATTACK HURLED BACK

ALLIED LINE HOLDS FIRM AND SOME HEADWAY MADE AT CERTAIN POINTS.

(By the Associated Press)  
London, July 26.—The Germans this morning launched a local attack against positions recently taken by the British in the Meuse sector on the Flanders front but were repulsed after sharp fighting, the war office announced. The German attack upon new British positions in Hebuterne sector last night also failed, the British taking many prisoners. Japan Accepts U. S. Proposal.

London, July 26.—It is announced officially here that Japan has decided to accept the American proposal to assist the Czech-Slovak armies in Siberia.

## HUNS CAN'T STOP AMERICAN DRIVE

ALLIES HAMMERING WITH BIG GUNS. GERMANS CONTINUE RETREAT.

(By the Associated Press)  
With American Army on Aisne-Marne front, July 26.—The Franco-American push north of Chateau-Thierry has resolved itself into a battle for the woods abounding there. The Germans are fighting rear guard actions with artillery and machine guns, retiring gradually before the allied forces. Infantry is not engaged. Indications early this morning were that the enemy is making preparations for further withdrawal. The allies moved up their heavier guns today and were bombarding the German lines as far as Saponay, five and a half miles northeast of Oulchy-le-Chateau.

Germany Reinforced.  
Paris, July 26.—The Germans have reinforced their right flank within the Rheims-Soissons pocket, says La Liberte, with a new army commanded by General Von Eben which has been placed between the armies of Generals Von Hutier and Von Beehm.

## AT THE PLAY HOUSES

**LIBERTY.**  
Jean Gladstone and her Merry Madcaps offer a complete change of program this evening. Splendid line of musical, dancing and singing numbers. The picture program consists of the drama, A Bachelor's Children and features Harry Morey. It is a story in five parts and of unusual interest.

**PRINCESS.**  
Chas. Wieth and Joan Peterson are featured in the five-part drama, The Folly of Sin. This is one of the best productions of the Great Northern Film Co. and is of deep interest.

**24 INDICEMENTS FOR THEFT OF MEAT**  
(By the Associated Press)  
New York, July 26.—Twenty-four persons were indicted here today by the federal grand jury on a charge of implication in theft of beef consigned to the United States army.

## LENINE ADMITS CRISIS AT HAND

BOLSHEVIKI RULE OF RUSSIA SAYS CONDITION OF NATION PRECARIOUS.

(By the Associated Press)  
Amsterdam, July 26.—Premier Lenin in his Moscow speech before the government conference of factory committees, said the Soviet republic's position had become extremely acute in view of international complications, counter-revolutionary conspiracies and the food crisis according to a Moscow dispatch via Berlin.

## PEASANTS REBEL AGAINST GERMANS

COUNTER REVOLUTION IN UKRAINE HEADED BY BRITISH OFFICERS.

(By the Associated Press)  
London, July 26.—A peasant rebellion has broken out on a formidable scale in Ukraine, according to information received today.

Seventy-five thousand peasants with British officers and instructors are advancing against the German detachments which have been withdrawn before the hostile advance and retreating to Kiev. The peasants are well armed.

## SLAYDEN OF TEXAS QUITS RACE FOR CONGRESS.

San Antonio, Texas, July 25.—In a statement made public here today Congressman James L. Slayden announced his withdrawal from the congressional race in the Fourth District. This action, Mr. Slayden said, was the result of a telegram from President Wilson, published in San Antonio yesterday, stating that he had not been loyal to the national administration.

**"On the Stump."**  
In early times in this country it was the custom of campaigners in a political canvass to travel through the country and make open air speeches. Public halls and platforms were rare and the stumps or trees were numerous and furnished convenient places from which to speak. Hence the words, "stump speaker," "stump orator" and "stumping."

**Advice to an Author.**  
The author who writes that he likes "the man or woman crammed with animal spirits, who isn't afraid to make motions, to laugh out loud, to run, to jump, to climb, to make a lot of noise," ought to trade flats with one who lives under a pair who are rehearsing for an imitation animal vaudeville stunt.—Seattle Post-Intelligencer.

**World's Gold Production.**  
The production of gold has increased universally since the discovery of America. However, during the first three centuries subsequent to that event there was no appreciable increase in annual production. Prior to 1850 it was hardly more than \$8,000,000 yearly.

**The Outsider.**

## JAWS OF TRAP CLOSING ON HUNS

ALLIES PRESSING HARDER THAN EVER—GERMAN RESISTANCE AWAITS LITTLE.

(By the Associated Press)  
The Germans struggling to no avail are being relentlessly pressed back by allied armies within the pocket between Soissons and Rheims. The French and Americans are advancing in a northeasterly direction from Chateau-Thierry and north from the Marne while the British and French push forward northwestward up the Aisne river toward Fismes and the Vesle river. From east to west the pocket's width is now but twenty-one miles, the enemy having been forced back fifteen miles since the launching of General Foch's counter offensive. The German communication lines are almost gone and allied guns command every point in the pocket. Heavily reinforced, the Germans are striking back vigorously but have not prevented the steady allied advance. The reported British advance of two miles in Vignay region toward Fismes not only narrows the pocket but jeopardizes the German forces north of the Marne in the forests west and north of Chastillon. From Soissons to the North there has been little activity except for British raids. Only the artillery has been active on other sectors in France and Italy.

**Pressing Germans Back.**  
Washington, July 26.—American forces between the Ourcq and Marne continue to press back the enemy. General Pershing's communique for yesterday, received today at the war department, reports.

**Casualty List.**  
Washington, July 26.—Today's army casualty list shows:  
Killed in action... 21  
Died of wounds... 4  
Died of disease... 6  
Wounded severely... 60  
Missing... 6  
Prisoners... 1  
Private Elmer L. Basinger, Tuttle, Okla., killed in action.

## COAL DEALERS MUST SECURE PERMITS

All retail coal dealers in Oklahoma must obtain a certificate from P. A. Norris, Federal Fuel Administrator for the state, according to an order just issued by Mr. Norris. The order specifies that the certificates must be in the possession of the retail dealers before Sept. 1, or the dealers will automatically go out of business.

Applications will be sent to the dealers in a few days. These applications will be filled out and turned over to the County Fuel Administrators. When the applications are approved by the County Chairman, they will be forwarded to Mr. Norris and the certificates will be issued. The object of this order is to have a direct check upon all the coal that goes from the mines to the various towns in the state. The order of Mr. Norris follows:

Section 1. All persons, firms, associations and corporations engaged in the distribution of coal or coke in the State of Oklahoma, as retail dealers, i. e., who physically receive, handle and deliver coal or coke to consumers from docks, yards, trestles, vehicles, barges or vessels, owned, hired or chartered by them, or from cars consigned to them, including employees who sell and distribute coal or coke to employees, shall on or before the first day of September, 1918, or if they begin business after that day, then, before beginning business, register with the County Fuel Committee of each County in which a dock, yard or trestle owned or hired by such retail dealer is located, and of each county in which such retail dealer delivers or distributes coal or coke to consumers.

Section 2. Each registration required by Section 1 hereof shall be made in duplicate on forms to be prescribed by the Federal Fuel Administrator establishing this regulation, one copy to be kept by the registrant and one sent by the County Committee to P. A. Norris, Federal Fuel Administrator, Ada, Okla.

Section 3. Retail dealers who register as required by this Regulation will receive a certificate or certificates signed by on behalf of the Federal Fuel Administrator for Oklahoma, and each certificate so received must at all times be posted in a conspicuous place at each office or place of business of the registrant.

Section 4. Retail dealers doing business under more than one name or through subsidiary companies or agencies bearing different names must register under each name, and obtain certificates for each separate name, subsidiary company or agency.

Section 5. No fees shall be charged for registration.

Section 6. Any retail dealer who fails to register, as required by this Regulation, will be subject to the penalties prescribed in the Act of Congress approved August 10, 1917, pursuant to which this Regulation is promulgated.

Section 7. No producer shall sell

## BRILES QUITS RACE FOR SUPERINTENDENT

Oklahoma City, July 26.—C. W. Briles has announced his withdrawal from the race for state superintendent, leaving the field to R. H. Wilson, the present incumbent, who seeks another term, and George Wilson of Stillwater. In his letter of withdrawal Briles announces his support of George Wilson.

### Attention Ladies.

Mrs. Torbett, director of hospital garments has asked me to say there will be no sewing in the work rooms on Saturday, till further notice. Saturday is always a busy day for housewives and especially so during the summer months. At the present we are well up with our sewing and can easily take one day off.

We have also been advised that we should not have children in the surgical dressing room who have not been one year in high school.

## W. B. ADAIR FOR CONSTABLE, ADA PRE.

W. B. Adair authorizes the News to announce his candidacy for reelection to the office of Constable of Ada precinct, subject to the Democratic primary.

Mr. Adair is one of the pioneer settlers of Ada and is one of the best known men in the city. He has served in his present capacity until he knows every detail of its duties and has a record of which he has no reason to be ashamed. He has given close attention to the duties of his office and discharged his duties without fear or favor. Under the law two Constables are to be elected for Ada and Mr. Adair is asking his fellow townsmen for the nomination for another term, promising to give the best service of which he is capable in case of his election.

Dr. W. W. D. Akers who is now a lieutenant in the medical department at Ft. Sill, states that there are lively times in his department when a bunch of new recruits arrive. Always some disease, mumps, measles or other ailment is brought in and then comes the tug of war in quarantining these cases and preventing spread of the disease. Then comes the work of inoculating them against various diseases which is no small job itself.

### NOTICE.

All cattle owners who dip their cattle at the Ada vat and have not done so already, must dip by 11 o'clock tomorrow (Saturday) or their stock will be classed as ticky and will have to dip every 14 days. W. B. Gray, State Inspector. C. F. Kireger, County Inspector. 7-26-18.

The News was slightly in error in an item regarding Jim Norman and John Keltner appearing in a recent issue. The first named had already enlisted in the navy and left in answer to his call to service. John Keltner, Slade Norman and Alva Nettles went with him to try to enter with him and all go at one time.

Your liberality in buying War Savings Stamps indicates that you are helping the boys "over there" on to Berlin.

The Kaiser is telling his people that the hasty retreat on the Marne was only part of the plan when the Hunns attempted to drive farther towards Paris. It was indeed part of a plan, but that plan happened to be Foch's and not the Kaiser's.

No annexations and no indemnities was the basis on which the Hunns agreed to make peace with Russia and Rumania, but when the cards were placed on the table face up that was exactly what they did demand and enforce with the mailed fist. Yet they are gripped because the allies do not take their peace proposals at 100 cents on the dollar.

Two years ago had some one mentioned the fact that the United States could put into practice a draft law by which almost one-half million troops could be inducted into the army each month, he would have been pronounced an idiot. General Crowder is now calling more than 300,000 in a month and is getting the raw men in and the trained men out of the camps with a dexterity little short of the marvelous. To visit a training camp and watch the boys come in face and see the men march away to the station to embark upon the mission of making the world safe for democracy is a wonderful inspiration. Today eighty-five white men leave Pontotoc County for the training camp. Next month probably more than that number will go out. In September it is possible that another contingent will be called to the colors, and thus the stream of young manhood into the fighting forces of the country is kept up. Already something in excess of three million men are in the army and navy. By the first of next year this number will be increased to about five million. The young men are going to war with as much earnestness and with as little complaint as they go to work each morning. The training of the American youth to do what he finds to do and to do it without grumbling is serving to make him a good soldier and ceaseless fighter. We might inform the Kaiser that although we shall have around five million troops in training and fighting by January 1, there will be more than that number at home who are only waiting for the call to throw down the plough, the hoe, the typewriter, the correspondence piled upon the desk and his way to kill Hunns.

**Expensive Pigeon Pie.**  
(By the Associated Press)  
London, July 26.—(By the Associated Press Correspondent recently in Rumania)—The most expensive pigeon pie which perhaps has ever been served anywhere was enjoyed by members of the allied diplomatic colony in Jassy last spring.

One February afternoon one of the Allied Ministers received a crate of fine pigeons. There was no mark to indicate the sender. The pigeons were killed and cooked that evening, and a number of the minister's colleagues including American Minister Vopicka had their fill of pigeon pie.

A week later a delayed telegram reached the minister who had been host at the dinner. It was from a high military officer of his government, directing him as to the disposal of a "very valuable consignment" of carrier pigeons which had been sent him after a long course of training and which were designed to take an important part in certain highly confidential negotiations then pending.

NOTE: Sections 26 and 27, Article 10, of the Constitution, requires the levying of AN ANNUAL TAX sufficient to constitute a SINKING FUND for the payment of the principal of all bonds at maturity, in addition to an amount sufficient to pay all maturing interest coupons as they fall due.

The amount required to be raised annually and reserved to retire bonds at maturity is ascertained in the following manner: First, Ascertain from Columns 1 and 3 the number of years the bonds are to run. Second: Divide total amount of bonds issued (Column 4) by number of years maturity. Third: Having ascertained the amount to be raised annually (Column 7), then multiply that amount by the number of years that bonds have to run (Column 8), and the product will be the amount that should be entered in Column 9, that is, the "amount required by law to be raised to June 30th., 1918, to retire bonds at maturity."

### IMMENSE WIRELESS STATION IN GERMANY

(By the Associated Press)  
London, July 26.—Wireless operators on American and other ships crossing the Atlantic at night frequently "pick up" orders being sent by the German admiralty to submarines at sea. The messages are in code, of course, and the submarines never acknowledge receipt of the orders because if they did some warship of the enemy might get a clue as to the location of one or more of the undersea boats.

These messages to the submarines are from Nauen, a small town near Spandau where Germany has its great wireless station. Electrical waves produced there will reach some 6,000 miles.

Nine towers are in use, the highest being 850 feet. Last year Nauen sent to the outside world almost 5,000,000 words for the German government.

### MOVING PICTURES AS EDUCATIONAL INFLUENCE

Washington, July 26.—"It is through the cinema that the nations of the world will get to understand each other; the cinema will be a tremendous power in cementing the projected league of nations which is to maintain a world peace," declares a writer in the London Evening News, urging that British motion picture manufacturers should best themselves to overcome American "domination" of the market. Calling attention to the powerful influence of the screen in affecting the thought of the public, the writer further demands that the government, possibly through the Colonial Office, should assist in pushing British films on the markets of the Empire and see that "the heart of England is not American."

"Ninety per cent of the ideals and sentiment emanating from British screens is American," the writer continued, according to a copy of the article transmitted in a dispatch to the Bureau of Foreign and Domestic Commerce. "We are grumbling, I am sure, if 10 per cent of the ideals and one per cent of the sentiment shown on American screens were British. But they are of American ideals and sentiment dominate the screens of the whole world."

"The British dominions, as far as the cinema is concerned, are in the hands of the cinema 'kings' of the United States, some of them of German origin, but as keenly American as any to see the Stars and Stripes flutter on the screens of the world. There are few pictures nowadays in which 'Old Glory' does not get a look-in."

"Americanization of the world through the moving picture has been going on for the past four years. American ideals, the American flag, railway stock, motor cars, police courts, flood the screens. To the people of the British Empire, the greatest men of all time are George Washington and Abraham Lincoln, Nelson, Drake and Wellington have no place on the screen."

Canadian pictures are almost wholly made in America, the writer asserts. Australia will have none of British pictures, except topical films, and there also is no market for the British product in New Zealand. India is the one "bright spot" in the Empire where British films are welcomed.

"Let us have some reciprocity with America," the article concludes. "Let us exchange our pictures and learn of one another. It is that or the Americanization or Germanization of the world through the cinema. And it is going to have a big effect."

### MOTHER ALL RUN-DOWN

Had to Have Health, to Keep House for 4 Children—What She Did Narragansett Pier, R. I.—"I was all run-down, back ached and tired all the time. I keep house for my husband and four children and I could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition."—Mrs. Hannah Randall.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the oldest and most famous body building and strength creating tonics.—Gwin & Mays Co., and Drugists Everywhere.

### JUNE SUBMARINE LOSSES

LOWEST IN TWENTY MONTHS  
London, July 26.—British and allied shipping losses in June were the lowest in twenty-one months, or since September, 1916. Losses due to German submarines and mines and marine risk totalled 276,629 tons in June, the British losses being 161,000 tons.

Compared with May, the sinkings in June were 81,000 tons less and with June, 1917, 437,000 tons less. The loss for the quarter ending June 30 was the lowest for any quarter since the third of 1916.

### BETTIS FEARED HE COULD NOT RECOVER

Has Gained 13 Pounds On Tanlac and Says His Trouble Is Over.

"One day, about four months ago," said Thomas A. Bettis, a valued employee of the Burrus Mill & Elevator Co., who lives at 519 Fulton street, Ft. Worth, Texas, recently, "I was struck with a pain in my side and many troubles followed."

"I had always been well and strong," Mr. Bettis continued, "and at the time this attack came, I was weighing two hundred and five pounds. But in a short while I dropped down to one hundred and seventy-three and my health went all to pieces. My food would sour, causing gas and frightful pains in and about my stomach. At times it was hard for me to get my breath and my heart acted so peculiar that I became alarmed, fearing I might have some kind of organic heart trouble. I was constipated all the time, my kidneys were weak and out of order and I was told my liver was abnormal."

"The best of treatment and the many medicines I took all failed to improve my condition and I thought I would never get well."

"My wife, who had been keeping up with the Tanlac testimonials, insisted on me trying it, and I am glad to testify that it just fit my case exactly. Before I got Tanlac I was suffering with an awful burning sensation from my heart all the way down into my stomach, but this gradually disappeared and at the same time the pain went out of my side. As I got so I could eat and digest my food, the gas stopped forming, my heart action improved and, try breathing became free and easy. It was nothing less than remarkable how quickly I picked up my strength and in a month's time I have regained thirteen pounds of my lost weight. I'm not constipated now at all, my kidneys are in good shape and, in fact, nothing bothers me at all."

"My mother, Mrs. Precilla Bettis, of Morrisville, Tenn., has also obtained wonderful results from Tanlac. She was in an awful run-down condition and had rheumatism so bad she could hardly walk for two years. Now she's up and about just the same as if nothing had ever been the matter. We can't speak too highly of Tanlac."

Tanlac is sold in Ada by Gwin & Mays Drug Company, and by leading druggists and dealers everywhere.

### SENATOR ECHOLS' COUNTY HEARD FROM

Elk City, Okla., July 22, 1918.  
J. F. McKee, Esq., Ada, Okla.  
Dear Sir:—We are working for Bill Murray every day and you can put in down in your book that Murray will be one of the runners in Beckham County.

This is normally a Robertson County, but Alexander and Gault are both eating in on him this time so that it looks as much like Murray as anybody else. At least you may say that Murray will get a largely increased vote and if other counties do as well as this that Alfalfa Bill will be the next governor of Oklahoma. Yours very respectfully,  
C. S. GILKERSON.

Tomorrow will be the last day for voters to register. If there are any not already registered they should attend to this at once.

Ward 1 voters can register with Somer Jones at fire station. Ward 2 with T. O. Cullins at Hope-Conn drug store. Ward 3 with George Young at Coffman-Bobbitt-Sparks hardware store. Ward 4 with L. C. Lindsey at Surprise Store.

### ONLY ONE THING NOW LACKING—MONEY

"I have doctored nine years for stomach and liver trouble and spent thousands of dollars, but instead of becoming cured of these ailments, my bloating and pains and attacks became worse. I was persuaded a year ago to take Mayr's Wonderful Remedy and have never suffered since taking the first dose. I wish I had the money back I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Gwin & Mays Drug Co., and Druggists Everywhere.

### IRISH CHURCHMAN SINN FEINERS REBUKES

Dublin, July 26.—(Correspondence of The Associated Press)—Some of the older Irish priests, particularly in County Wexford, have been speaking out strongly against the Sinn Feiners. Very Rev. Canon Walsh, presiding at a meeting of the Crossbeg and Ballymurn branch of the United Irish League, said the "unholy Sinn Fein faction" was turning the Free State Republic, the American nation and the English democracy into bitter enemies of Ireland.

Rather than gain independence for Ireland they were more likely to gain twenty years of coercion and martial law, if any general support were accorded by Irishmen to the antics of the "miserable faction" whose record, said Canon Walsh, so far, was one of dissension, disruption and disaster. The democracy of England he continued, was favorably disposed towards Irishmen and was willing to do them justice, but they would never consent to the sheer lunacy of total separation and, until the evil spirit of Sinn Fein was banished from the land, Ireland would labor under the yoke of oppression.

Resolutions were passed at the meeting condemning the latest German outrage in murdering seven innocent fishermen off the Galway coast; and denouncing the Gaelic League as "a feeder of Sinn Fein."

In every home where there is a baby there should be a bottle of McGEHEE'S BABY ELIXIR. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. ### RUSSIA HAS CORNER ON WORLD PLATINUM SUPPLY

The needs of platinum in war industries and in the sciences are explained by Dr. Charles L. Parsons, chief chemist, Bureau of Mines, Department of the Interior, in an argument for discontinuance of the use of platinum in jewelry.

"The war can not be won without platinum," says Dr. Parsons, "and it is equally essential in times of peace of our country is to excel Germany in the development of chemical science and industry. With the aid of platinum from one ordinary wedding ring about 100 pounds of nitric acid can be made every 24 hours. This 100 pounds of nitric acid converted into high explosives will send a number of 3-inch shells against the Germans and help to bring the boys back home."

"Platinum rings, pins, cigarette cases, and mesh bags are not factors in winning this war—explosives are. I wonder if the purchasers and wearers of platinum jewelry know that explosives can not be manufactured without the use of sulphuric and nitric acids; that the manufacture of these acids requires the use of supplies of platinum; that airplanes must have platinum for important instruments they need; that platinum is absolutely necessary in the manufacture of special pyrometers; that pyrometers are necessary in all steel treatments; and that no guns can be made without the use of pyrometers."

"There is a shortage in the supply of platinum. Russia has a corner on the world's supply, and Germany is in Russia. Our domestic production of platinum is negligible, while our military requirements are increasing at a rapid rate."

### FRISCO OFFICES WILL RETURN TO FRANCIS

The Frisco Superintendent's and Dispatchers' office will return to Francis the first of August, and lumber is arriving for the purpose of erecting necessary buildings. During the past three years the railroad officials have been undecided as to the best location for these offices and have at last agreed that Francis is the most convenient place to handle business from both ends of the division.—Francis Wigwam.

## Farmers Are Good Fighters!

Farmers, as a class, know what war is. Didn't farmers fight the Indians, clear the wilderness and do the pioneering? It's natural for them to be backers not slackers.

Uncle Sam had to be severe in many cases, but he didn't have to take corn by the ear or give wheat a good thrashing in order to show the farmer his duty in war time.

When we say we're proud of Ada, we mean that our pride extends out past the edge of the town, to the countryside that echoes with the gee-haw of the old team and the chug-chug of the tractor.

Many of our friends are enjoying real Summer comfort in Kuppenheimer Air-O-Weave Clothes. They're not only light; they're right. Wearing them helps conserve wool, too. See them! \$10 to \$18.50.

## BOY IN FRANCE SEES WAR'S END

April, 1923, is Date He Names For Final Victory of Allies.

### YANKEE MIGHT WINS

Twenty-Year-Old Youth in Subconscious State Makes Remarkable Predictions—Americans to Chase Huns Across Rhine.

Washington.—Under tense and tragic circumstances, several physicians and nurses in Emergency hospital listened to a remarkable prediction by a twenty-year-old Washington boy, in a mysterious subconscious state of mind, that peace in the great world's war will be definitely and finally concluded April 20, 1923, at 6:30 p. m.

This peace will come as a result of 8,000,000 American officers and soldiers having crashed their way across the Rhine and started a last march to Berlin, having victoriously fought their way over the historic stream.

Final Disaster for Germans. The Germans will get a taste of final disaster before another year has passed by being badly defeated by the allies in France, and from then on until peace is signed they will be almost constantly on the defensive, losing ground steadily until American man power and military science conquer the stubbornly fighting Teutons.

When it is all over the allies will owe the United States billions of dollars

Listened to a Remarkable Prediction.

loaned to them, but they will be so grateful that they will early begin to repay the debt.

President Wilson will again have been re-elected to another term in the White House and, aided by Taft, Roosevelt and Hughes, will have put through congress a universal training law by which every man above eighteen years of age, up to forty-five, will have to take military training.

The patient was Edward R. Dean, son of the late Dr. Julian Willis Dean, himself a distinguished Washington physician, who died in 1905. Young Dean was stricken as a child with severe spinal meningitis, and the father predicted that from sixteen to twenty-one years of age the boy would be subject to convulsions. If his health was able to resist the strain until the twenty-first year the young man would become strong and robust, with keen mental development.

### In Care of Specialist.

The convulsions came on at sixteen and have continued, despite special medical treatment. Recently the young man was taken to Johns Hopkins college, where the best medical talent carefully watched his condition and marveled at the supernatural utterances of the patient when in an unconscious state after a convulsion. Under their recommendation young Dean was brought back to this city and put under the care of Dr. D. Percy Hickling, a noted specialist in brain and nervous disorders.

Accompanied by a member of his family the young man was on his way to Doctor Hickling's office when attacked by the nervous disorder that troubles him. He was promptly taken to Emergency hospital and given temporary treatment. Following the convulsion he remained in an unconscious state for two hours, during which, in the most beautiful language imaginable, he talked wonderfully on subjects presumably far removed from the thoughts of a boy of that age under normal conditions.

Physicians and nurses, amazed at his language and predictions, stood at his bedside without asking questions or prompting him in any way. They had never seen or heard of a similar case.

The patient not only made the predictions quoted, going into details, but talked fluently in German, Italian and Latin. He never studied or read any of these languages, being compelled to leave school when in the eighth grade.

When again in normal mind young Dean remembered nothing of what he had said, and the subjects seemed to be far from his thoughts.

Supt. H. W. Carver and Misses Mildred Kerr and Clara Russell went to Tupelo this morning to prepare for the opening of the Tupelo school set for August 12. The plan is to start early so that some time can be taken out when the cotton picking season is at its height.

### THE PASS WORD "WAR"

"We have got to reach the place each one of us, where we define every decision in our lives as an act of war policy."

"Everything that we do, plan, eat, wear, must be analyzed and measured from one single point of view—will it contribute to the carrying on of the war, or will it contribute to its prolongation?"

"There is no other thing in the world for us but to define every thing in our lives as acts of military necessity or policy."

—Dr. Alonzo Taylor.

### SLICKER BEATS SLACKER

"A 'slicker' is worse than a 'black-or,'" said C. B. Ames, federal food administrator for Oklahoma.

"A slicker is a fellow who persists in violating the food regulations, sneakingly, an' who does such things as the Lawrence county farmer who is 'hogging' his wheat crop."

"Perhaps we cannot adequately punish this type of enemy, but we certainly propose to do what we can to bring him to a realization that wheat is almost sacredly reserved for the feeding of human beings and there is absolutely no excuse for his giving it to his hogs, with the wealth of other feed stuffs available for such purpose."

### "DON'TS" FOR SUGAR

Do not use more than two teaspoonful of sugar in a cup of tea or coffee. Do not use more than two teaspoonful on a dish of berries, fruit or cereals.

Abolish sugar for one meal each day.

Do not allow the children to help themselves—serve them just enough for sweetening their fruits and cereals. Whenever possible substitute honey and syrups made with a small percentage of cane or beet sugar.

Use molasses or other syrups in baking. Use "Liberty" candies, made of syrups and honey exclusively.

Sauerkraut by any other name would be a splendid war food, and, therefore, Herbert Hoover urges that its use should not be curtailed by "overzealous and ill-advised patriotism."

Lie-abeds in hotels, etc., are hit by the Canadian Food Board. They must break their fast by 10:30, on wait until the officially set time for the midday meal.

As soon after birth as possible food and meat cards are issued to British infants, so that their rations may become an extra allowance for the mothers.

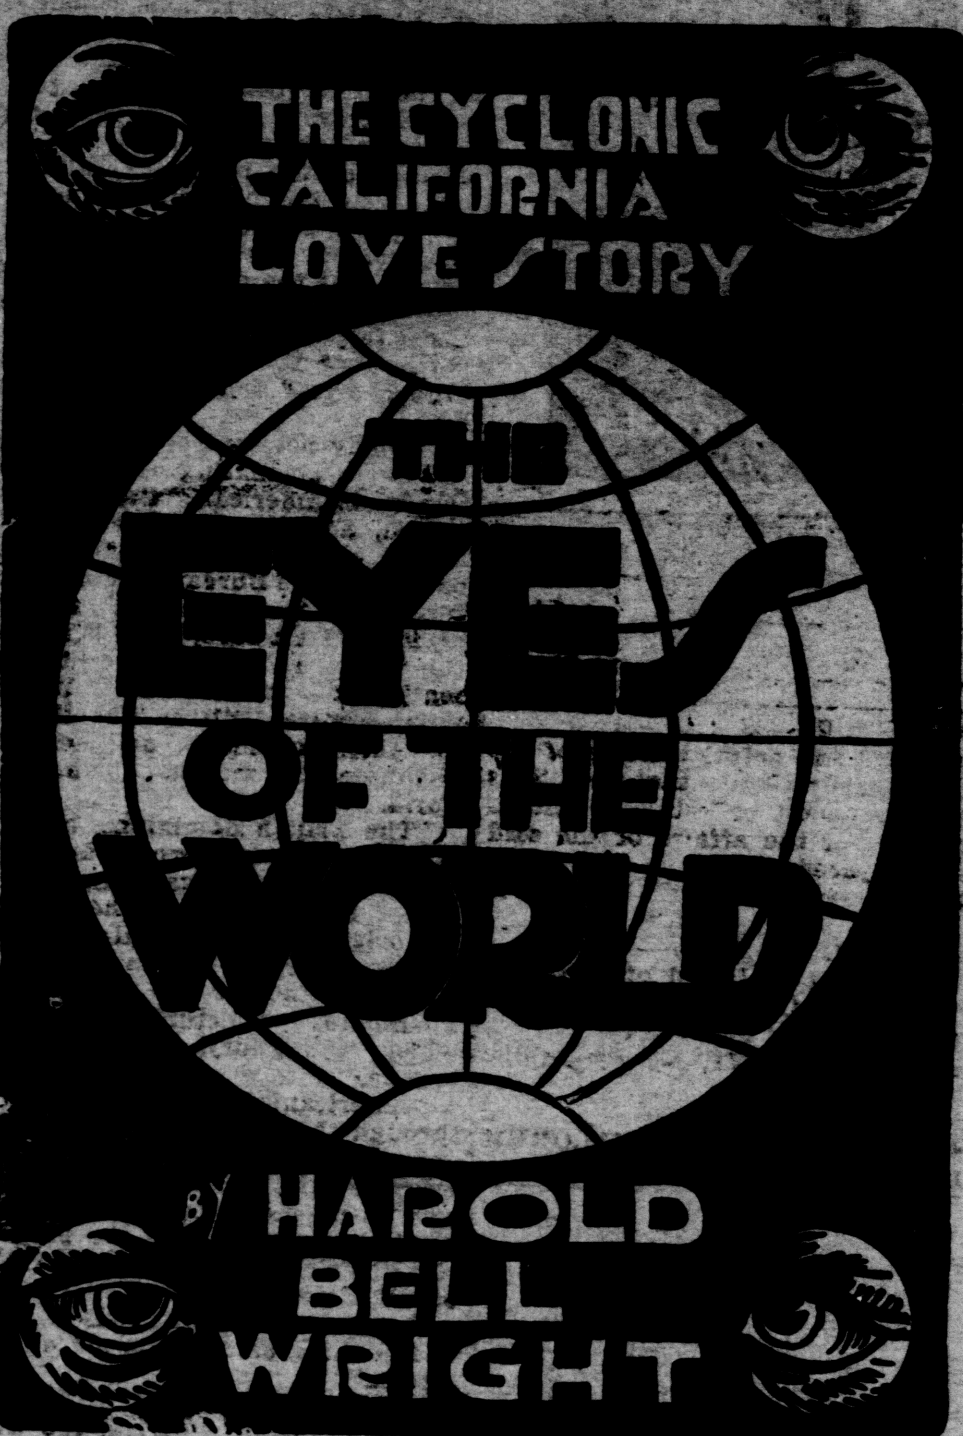

Uncle Sam is today the quartermaster of a hungry world. He is playing the game square and counts on every American to do the same.

"All the resources of the country are being pledged."—Now is the time to work for the War.

## MAJESTIC THEATRE

## Two Days Only

Commencing Monday, July 29th

### Methodist Matters.

The sermon Sunday morning at the First Methodist church will be given by the pastor and the evening sermon by his father, Rev. S. Crutchfield of Phoenix, Arizona. At both services special music will be provided by Miss Leone Steed and Prof. Hill on the organ and cornet.

These gifted musicians have a special offering of an artistic sort. The organ has been repaired this week and will be used by Miss Stead for the meetings Sunday. The public is cordially invited to worship with us. —Wallace M. Crutchfield, Pastor.

## Something To Think About

Since Statehood Pontotoc County has had the following officials:

W. H. L. Campbell—Clerk Supreme Court—7 years and 4 months.

Howard Parker—Supreme Court Reporter—7 years and four months.

Henry M. Furman—Judge Criminal Court of Appeals—7 years.

C. A. Galbraith—Supreme Court Commissioner—5 years.

J. O. Crawford—With Health and Agricultural Departments—8 years.

Tom D. McKeown—District Judge—6 years.

Tom D. McKeown—Congressman—2 years.

J. W. Bolen—District Judge—2 years.

Tom Hope—Deputy Bank Commissioner—2 years.

H. W. Wells—Deputy Bank Examiner—3 years.

W. L. Reed—Deputy Bank Examiner—9 years.

W. T. Miller—Deputy State Inspector—6 years.

Leslie Maxey—Attorney School Land Department—1 year.

Reuben M. Roddie—State Senator—7 years and 4 months.

Geo. A. Harrison—School Land Appraiser—9 months.

At the same time Seminole County had the following officials:

R. H. Chase—State Senator—4 years.

H. W. Hoffman—School Land Appraiser—2 months.

At this election Seminole County is being asked to vote for the following Pontotoc County men:

Tom D. McKeown for Congress.

W. T. Miller for State Treasurer.

J. W. Bolen for District Judge.

Luther Harrison for State Senator.

At this election Seminole County is asking ing Pontotoc to vote for

D. G. Hart for District Judge.

At the election of 1916 Seminole County gave Tom D. McKeown more than 600 majority over Wm. H. Murray.

Seminole County has always supported Pontotoc County candidates. Pontotoc County now asks Seminole to support four candidates. Seminole County asks Pontotoc to give her only one out of four.

In all fairness don't you think that you Pontotoc County Democrats should support our candidate for District Judge this time. Judge D. G. Hart, is qualified as a man, lawyer and Judge. He is honest. He is sober.

### The Perennial Pest.

The buzz of the agent is heard on the wynde. He proffers insurance to lame, halt and blind. With sweet siren singing to us he appeals to buy books and silos and automobiles, and rat traps and razors and cures for the itch, and pretty old stocks that will make us all rich. While we yet have a nickel his hanger's as wild as the fond mother's yarn for her long absent child. He comes in the morning and lingers all day.
